Words from the Founder- Ron McCarty

How can I help?

Looking for ways to help the club?

The best way to help is to volunteer and assist. Regardless of your skill level, we need folks to help our coordinators keep plenty of activities on the calendar!

We want lots of activities...but the activities do not need to be activities for everyone...rather activities that attract three or more people together to experience photography!

Let's each take our own path, but let's make sure those paths cross on occasion!

Improvements?

If you see areas that need improvement then please let us know! What can really help on making an improvement is being prepared to carry out the improvement.

Articles and Photographs!

We need your articles and photographs for the magazine! Please assist by providing content!

Upcoming Speakers at our Meetings!

Rowlett, Texas

About the Photography Club

The Rowlett, Texas Photography Club was founded in December 2014 by photo enthusiasts from the area wanting to meet on a regular basis to discuss, show, and enjoy photography with other photographers.

Feel free to invite other photographers from the area to come to one of our meetings to enjoy photography with us!

Our Facebook group can be found at: <https://www.facebook.com/groups/760444860701826/>

Our Meetup group can be found at: <http://www.meetup.com/Rowlett-Texas-Photography-Club-Meetup/>

About this Month's Cover

"Statue" was photographed by Sara Wilmes Del Regno in Paris.

Issue #7 will be a cover by Danielle Weaver (right)

We need your cover!

Drop Ron an email to have your photo presented on the cover!

On March 19, 2015,
Claudia, Chris, Fay, Tony
and Ron got to view the
work of George Steinmetz
presented by Steinmetz!

This event was hosted by
Richland College.

The idea for the event was
suggested by Sara Wilmes
Del Regno. Sara also helped
coordinate the use of his
imaging for the
announcement by an
introduction to Wayne
Loucas.

Thanks, Sara & Wayne!

We will be running a series of Jim's photos in a future issue!

Call for Articles

The club newsletter is in need of photography articles. Have you recently learned or experienced something worth sharing? Do you know some tips and tricks in a specific genre of photography? Do you just enjoy sharing your thoughts about photography?

If so, we need three types of articles:

Single Exposures: one picture with several words to describe the picture.

Minis: three to four pictures with a paragraph or two covering the photographs. This could be a series (for example, motorcycles) or an event, such as a parade.

Feature article: three or more pictures with a detailed write up of three or more paragraphs covering a subject in detail.

If you are interested in writing, but need ideas, here are some suggestions to align with the seasons:

February: Valentines, end of winter, Texas highways, early spring.

March: Spring, Texas wild flowers, weddings, gardens, fountains.

April: spring colors, in with the new, landscapes, cityscapes, outdoor music.

May: car shows, music festivals, swimming, start of summer.
